SCD Probiotics

PROVIDING HEALTHY PRODUCTS FOR CONSUMERS THROUGH THE POWER OF PROBIOTICS

SCD Probiotics is a global provider of probiotic technology and products, creating environmentally safe and sustainable products for dozens of agricultural, industrial and consumer needs. Founded in 1998 and staffed by a team of talented microbiologists, SCD Probiotics has made significant strides in developing and providing all natural products that appeal to consumers demanding healthy, earth-friendly products for their homes and their families.

Beneficial Microorganisms: Platform for Success

Probiotics are live microorganisms that, when applied in sufficient amounts, deliver a health benefit to the host. Similar to the positive effect that yogurt has on the human digestive tract - proprietary SCD Probiotics delivers benefits in a variety of consumer applications. The “good” microorganisms out compete the harmful ones - on kitchen counters, in the human gut, on your floors, or in your garden. Odor and germs are controlled, leaving house and home a cleaner, healthier place for people and pets.

SCD Probiotics' all-natural, consortia-grown (multi-strain) microbes give the entire line of products a range of benefits above and beyond other probiotic products currently on the market, including:

- **Outstanding shelf life and stability.**
- **Broad temperature and pH survival range.** SCD Probiotics products maintain their guaranteed viable cell count under a temperature range of five to 50 C (41° to 122° F) and pH range of 2 to 14. Products do not require refrigerated storage handling, unlike many other microbial products, providing additional benefits for retailers and consumers alike.
- **Quality manufacturing process.** SCD Probiotics complies with the current Food Grade Manufacturing Practices Guidelines enforced in the United States by the Food and Drug Administration (FDA).

“The choices we make about the products we use and how we operate our businesses have an impact on our lives and those of future generations.”

Matthew Wood,
SCD Probiotics
Founder and CEO

Products with this logo have been manufactured using the highest-quality beneficial microbes, ingredients, proprietary formulas, culturing processes and quality control standards developed by SCD Probiotics' research and manufacturing team.

The Power of Probiotics

Probiotics are live microorganisms which, when applied in adequate amounts, deliver a health benefit to the host. While the traditional meaning of the word “probiotic” is applied to human and animal digestive microorganisms, SCD Probiotics has transferred the technology to many lines of products that help keep everything from your home to your pets healthy and clean.

SCD Probiotics products are made from a liquid blend of powerful, beneficial microorganisms. They are all natural, biodegradable, not chemically engineered or genetically modified. Safe for use around children and pets, SCD Probiotics are products made for a sustainable future - for your family and for our planet.

FOR A CLEAN AND HEALTHY Home, Farm & Garden CHOOSE SCD PROBIOTICS

All Seasons Indoor Composter Kit

The perfect starter kit for composting food waste right in your home. It includes both a conveniently sized composting bucket and an initial supply of All Seasons Bokashi. This unique system jump-starts a fermentation process, recycling kitchen scraps into an organic compost soil conditioner while reducing odors. The All Seasons Indoor Composter Kit ferments your food waste in less than half the time of conventional composting methods.
Available Size: 5 gallon bucket (Black or Tan)

Did you know?

That the Black All Seasons Indoor Composter is made with 75% post-consumer recycled plastic.

All Seasons Bokashi

All Seasons Bokashi is used to accelerate the fermentation process of food waste while reducing foul odors associated with fermentation and decomposition. All Seasons Bokashi can also be used as a microbial inoculant and decomposing accelerant for yard and garden compost, compost toilets and other situations where a liquid would be less effective.

Available Size: 1 gallon bag

Bokashi means, in Japanese, fermented organic matter and is used to cultivate compost with beneficial microorganisms.

SCD Probiotics Soil Enrichment

SCD Probiotics Soil Enrichment is an all-natural and environmentally safe soil booster for household plants, flower boxes and gardens. Regular use increases the available nutrients in the soil for healthier plants and better yield. SCD Probiotics Soil Enrichment can also be used to soak seeds prior to planting which improves probability of seed germination.

Available Sizes: 8 oz., 16.9 oz.

Harnessing **nature's**
ability to restore personal
health & the environment

Did you know?

SCD Probiotics uses up to fourteen strains of beneficial microorganisms in our probiotics. They are grown together to form a consortium. The typical probiotic pill uses only one strain and is grown in a laboratory without contact to any other beneficial microorganisms.

SCD Probiotics Pond Kleaner

SCD Probiotics Pond Kleaner enhances the environment of your pond providing benefits to both fish and flora. It is an all-natural probiotic cleaner containing powerful microbes and their metabolites, helping with controlling pathogens that may cause disease and neutralize toxic substances.

Available Sizes: 1 liter (33.8 oz.), 1 gallon, 5 gallon

COMING SOON

SCD Probiotics Klean Sinkers

SCD Probiotics Klean Sinkers are used to clean sludge and slime located in the bottom of large ponds, lakes and rivers. Once dropped into the water, SCD Probiotics Klean Sinkers sink to the bottom and dissolve, leaving powerful microbes to attack the sludge directly. Can be used with SCD Probiotics Pond Kleaner for maximum results.

Available Sizes: Single, 1 Dozen(12)

COMING SOON

SCD Probiotics Septic Kleaner

SCD Probiotics Septic Kleaner works to neutralize toxic substances, control odor and disease causing pathogens. This liquid concentrate works through the microbial digestion of ammonia, hydrogen sulfide and other toxic organic compounds. Unlike most enzyme-based solutions, SCD Probiotics Septic Kleaner injects millions of healthy, hungry beneficial microorganisms that clean and deodorize. It helps eliminate sludge, scum and grease build up in pipes, tanks, cesspools, lateral lines and drain fields. Septic Kleaner cleans residential and commercial systems, septic tanks, holding tanks, lagoons and other systems. Safe for use with plastic, fiberglass or concrete tanks.

Available Sizes: 16.9 oz., 1 liter (33.8 oz.), 1 gallon

COMING SOON

SCD Probiotics Barn Kleaner

SCD Probiotics Barn Kleaner works as an effective cleaning agent and reduces general odors associated with barns. It can also be sprayed directly on manure to help mitigate odor and accelerate decomposition. SCD Probiotics Barn Kleaner is chemical free, non-toxic and biodegradable. Used regularly, it reduces reoccurring problems with flies and other barnyard insects.

Available Sizes: 1 liter (33.8 oz.), 1 gallon, 5 gallon

NEW

SCD Probiotics Body Guard

SCD Probiotics Body Guard is packed with millions of beneficial microorganisms (probiotics) that populate the epidermal layer of the skin. Combined with Citronella, a natural mosquito repellent, and other essential ingredients, SCD Probiotics Body Guard supports a healthy, natural, chemical free solution for guarding against insects.

8 oz. -- Tropical - **AVAILABLE NOW**

4.4 oz., 8 oz. -- Tropical; 4.4 oz. -- Sportsman

COMING SOON

Great for camping, running, fishing or simply lounging in your back yard. Safe for people, pets, plants and the planet.

NEW

FOR A CLEAN AND HEALTHY

Kitchen & Bath

CHOOSE SCD PROBIOTICS

SCD Probiotics Organic Coffee

Grown using sustainable farming practices, including the use of probiotics, Organic Coffee from Chiapas, Mexico delights the senses. The probiotics help improve the quality of the soil and accelerates decomposing of coffee bean residue. Light roast. Whole beans.

Available Size: 1 lb bag

SCD Probiotics are all natural, biodegradable, not chemically engineered or genetically modified.

NEW

ProKlean Fruit & Vegetable Wash

ProKlean Fruit & Vegetable Wash is an all-natural, chemical free alternative for washing fresh fruits and vegetables. ProKlean Fruit & Vegetable Wash works to remove surface dirt and potentially harmful microorganisms on produce. It is completely non-toxic and leaves no odor or aftertaste. Produce washed with ProKlean Fruit & Vegetable Wash stay fresher and last longer - a bonus for your pocketbook.

Available Sizes: 8 oz., 16.9 oz., 1 gallon

NEW

ProKlean All Purpose Kleaner

ProKlean All-Purpose Kleaner is an all natural, chemical-free cleaning concentrate containing proprietary probiotics to break down dirt and grime. Can be used on any washable surface; from windows to walls, to floors to sinks, from pots and pans to tiled surfaces. Use diluted on carpet stains.

No residue and no need to rinse after cleaning surface that may come into contact with food. ProKlean All-Purpose Kleaner leaves a streak free shine without the use of harmful chemicals.

Not recommended for use on marble or unsealed wood. Test on fabric in a discrete location prior to application.

Available Size: 16.9 oz.

NEW CITRUS SCENT

Did you know?

That probiotics are live microorganisms that, when applied in sufficient amounts, deliver a health benefit to the host. The host can be the human gut, kitchen counters, cutting boards, bathrooms, gardens or your potted plants.

Harnessing nature's ability to restore personal health & the environment

ProKlean Counter Guard

Probiotic Cleaning Concentrate

ProKlean Counter Guard is a healthy, natural solution for cleaning granite, tile, concrete, laminate, glass, mirrors and other hard surfaces. ProKlean Counter Guard contains millions of beneficial microorganisms, that work to break down dirt and grime. They out-compete the bad microorganisms that live on kitchen counters, cutting boards and bathroom sinks - creating a healthier surface for you and your family.

Note: Not recommended for use on marble surfaces.

Available Size: 16.9 oz.

NEW

Perfect for all home applications be it the kitchen, bathroom or tabletops.

ProKlean Floor Guard

Probiotic Floor Cleaning Concentrate

ProKlean Floor Guard is a probiotic cleaning concentrate that works to remove dirt and grime from natural stone, tile, concrete, wood, laminate and other floor surfaces. The proprietary blend of beneficial microorganisms in ProKlean Floor Guard works to fight the bad microorganisms that live and spread on floors, creating a cleaner surface for people and pets.

Note: Not recommended for use on marble or unsealed wood.

Available Size: 16.9 oz.

NEW

ProKlean DeGreaser

Probiotic Grease Cleaning Concentrate

ProKlean DeGreaser is a heavy duty degreaser and cleaner. It removes grease and grime with no harmful chemicals. ProKlean DeGreaser is safe and effective for use on stove tops, ovens and hoods as well as other areas where heavy grease builds up. ProKlean DeGreaser can be poured directly into drains and grease traps as routine maintenance.

Available Size: 16.9 oz.

NEW

Human Health

CHOOSE SCD PROBIOTICS

Harnessing **nature's** ability to restore personal health & the environment

SCD Essential Probiotics

Probiotics are excellent for regulating digestion and supporting personal wellness.* This easily-assimilated, liquid blend of live and active probiotic cultures – known as microbial consortia – is created by an all-natural fermentation process. OMRI listed
Available Sizes: 4.4 oz., 16.9 oz., 1 gallon

All ingredients used for producing SCD Probiotics are natural and, in most cases, certified organic. In fact, several SCD products are listed by the Organic Materials Review Institute (OMRI) for use in certified organic production.

NEW SIZE

SCD Herbal Probiotics

This concentrated drink combines the power of probiotics with antioxidants. Probiotics rebuild and maintain your digestive system. SCD Herbal Probiotics is made from 19 organic herbs: including chamomile flowers, juniper berries, pineapple and reishi mushrooms.
Available Size: 16.9 oz.

Xtra Immunity

Utilizing the one-two punch of a probiotic extract-antioxidant combination, Xtra Immunity helps to support your body's self-healing power while building natural defenses. All-natural, and conveniently packaged in a one-month supply. Ingredients include organic brown rice, papaya and organic kelp.
Available Size: 16.9 oz.

Did you know?

SCD Probiotics Human Health line supports healthy digestion* and is an energy and immunity booster*. The liquid form makes it easier for your body to assimilate than dry pill - or capsule - packaged probiotics.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
